

# AntimicroPad

## The World's First Antimicrobial Disposable Underpad (with super absorbent polymer)

### AntimicroPad™ advantages over regular underpads

- Kills bacteria & fungi on equipment and furniture surfaces.
- Lowers the chance of Hospital Acquired Infection to patients.
- Prevents stains & odors from urine & bacteria.
- Prolongs the life of expensive equipment & furniture.
- SAP ensures dry & comfortable underpad.
- Lowers the chance of pressure ulcer to patients in hospitals.
- Reduces the total operating costs for hospital.

### AntimicroPad™ Properties:

- > EPA registered copper/silver antimicrobial agent.
- > Water absorbency: Up to 28 oz. (800 ml)
- > Strong underpad materials suitable for aiding patient's repositioning on the bed.  
*(Do not use for lifting patients.)*

### Underpad sizes

Medium: 17" x 24" (43cm x 61cm)

Large: 23" x 36" (60cm x 90cm)-Padding Style: Regular or Extra Fluffy
